

**Remarks/Arguments:**

The specification is amended, hereby, to insert each priority claim—under §120 (prior non-provisional application) and §371 (international, PCT application)—as required. No petition or fee is necessary, since the priority claims were made in the application transmittal—and acknowledged in the official Filing Receipt.

Claims 10-19, previously presented, are pending.

Claims 1-9 are cancelled, without prejudice or disclaimer.

The provisional rejection for obviousness type double patenting is overcome by filing the terminal disclaimer, submitted herewith.

Accordingly, the application appears to be in form for immediate allowance.

Favorable action is requested.

Respectfully submitted,

JACOBSON HOLMAN PLLC
